Training Materials

**Learning Environment**

1. The class environment (physical or virtual) helped me to learn
2. The set up is comfortable and free of distractions
3. Was the training an effective use of your time?

**Relevance**

1. I will be able to immediately use what I learned
2. I believe that I obtained the necessary knowledge and skills
3. The course material will be helpful for my success

**Delivery**

1. I was well engaged with what was going on during the program
2. The activities and exercises aided in my learning
3. I was given adequate opportunity to demonstrate what I was learning

**Overall**

1. The program met my expectations
2. I am clear on how to apply what I learned on the job
3. I would recommend this program to my co-workers

From what you learned, what will you be able to apply on your job?

What did you like best about the course?

What suggestions can you give to help improve the program in the future ?

Your evaluation and feedback on this course is greatly valued and appreciated. Thank you!

-----  
Please help me determine what terminology we should be using for "training, workshop, program, course, ..." so we can be consistent and it can apply to all L&D activities.

Best,
